

WISTASTON MEMORIAL HALL & COMMUNITY CENTRE MANAGEMENT COMMITTEE
FOR THE ATTENTION OF THE RE-BUILD COMMITTEE
REFERENCE : ARCHITECTS DESIGN BRIEF

The Club accepts the proposed Architects Design Brief as it effects the tennis club

Our requirements appear to be met in the design brief :

1. The two floodlit tennis courts to remain in place.
2. If the existing club house and toilets need to be demolished they would be replaced with a new building overlooking the courts. The new building to have a social area, changing rooms, toilets and a viewing area overlooking the courts.
3. It is essential to have access to the courts for a cherry-picker to service the floodlights.
4. Separate storage building for equipment. (small secure shed size).
5. The club would require its own electric and water supply or at least separately metered.
6. Adequate seating area for spectators.

We trust these requirements would be met in the architects design for the redevelopment of the site.

Bill Heath

BILL HEATH.

CHAIRMAN W.J.T.C.
